### HENRY GEORGE'S PLACING OF THE CHIEF CHICAGO NOMINEE.

Mr. George sees "Victory" finally written on the banner of the Democracy—Lawrence Gronlund's Views—Opinions from Leaders Among the Union Workmen—Harrison's Chinese Bill Vote.

Henry George said to an EVENING WORLD reporter that he deemed the nomination of Harrison a very weak one, and that the Chicago ticket will be defeated.

He thinks that the masses are beginning to understand that the protection talked about by the Republicans is not protection for the laborer, but an unnecessary assessment upon his earnings, which goes into the pockets of capitalists and into the United States Treasury to swell the surplus, which is already too large.

Mr. George sees "Victory" inscribed upon the banner of Democracy.

#### LAURENCE GRONLUND'S VIEWS.

Laurence Gronlund, author, orator and the leading Socialist in the United States, said to a reporter of THE EVENING WORLD that he believed a great number of the Socialists will refrain from voting at the next Presidential election.

He thinks the Republican party is hypocritical in its talk about protecting labor. The present system of protection is for the rich, the expense of the poor.

Mr. Gronlund favors protection to the laborer by national co-operation, as suggested in the Socialist platform. He does not approve of sending raw materials to Europe to be used in manufacturing articles which are sent to this country.

Mr. Gronlund said that the remedy for the many existing evils in the affairs of our country may be had by adopting the principles of the Socialists.

#### UNION WORKMEN'S OPINIONS.

Conversations with many union workmen by an EVENING WORLD reporter indicate that the nomination of Harrison is not received among them with the same satisfaction as that which Mr. Blaine would have inspired.

Michael Foley, a well-known leader in the Second Assembly District, where he is chairman of the United Labor Party organization, said: "I will not support either Harrison or Cleveland. I think it would have been wise if the Republicans had taken Gresham."

James Miller, of the Solidarity Clothing Cutters and delegate to District Assembly No. 49—1 think Harrison is a pretty good nomination. Of course I am in favor of protection, and shall support that side. I believe Sherman would have been a stronger man than Harrison, and Blaine would have been stronger than all. Harrison's record on the Chinese bill was bad."

George W. Dunne, of the Dry-Goods Salesmen's Association and delegate to District Assembly No. 49—I think it is the best choice they could have made, outside of Blaine.

Lewis P. Delan, of the Furniture and Carpet Employers' Association—I think there will not be such a falling off in the Republican vote as there was in Blaine. Harrison will unite the Mugwumps and other opposing factions. The Chinese matter is all nonsense. We are a great nation, and need have no fear of such a thing.

A. J. Norton, of the Clothing Salesmen's Union—I am a Democrat and think Harrison's nomination means a sure defeat for the Republican cause. The Chinese Emigration bill will cost him California, which I have been a strong advocate of the strong and he took against the importation of the Chinese. Cleveland will carry California this time.

John Nolan, of the Sewing-Machine Salesmen's Association—I favor Harrison's nomination, but would not vote for him. Blaine, the opposition from the workmen and his record on the Chinese bill will not amount to much.

E. V. Coogan, Irish Nationalist: "Harrison is a good Blaine man. Blaine backed him. Levi P. Morton will bring such strong support to the ticket that he will carry this State."

Ben Simon, of the Clothing Salesmen's Association—I think it will prove a walk over for the Democrats—the first real one in twenty-eight years. Harrison's Chinese record and his severe measures against the labor people will kill his chances in the doubtful States.

C. D. Duke, of the Clothing Salesmen's Association—I think well of Harrison. He comes from good stock and is a representative American.

Manager Sancier, of the Solidarity Company of Clothing Cutters—like the nomination first rate. I preferred Blaine. If Harrison does not carry California he will be elected.

Among members of Typographical Union No. 6, while opinions as to the relative strength of the candidates varied considerably, the prevailing idea is that Cleveland and Thurman will win.

The members of No. 6 claim that the defeated Blaine four years ago. They voted solidly against him because the Tribune advocated his election. The fight between the typesetters and the Tribune has been declared "off" and that paper will learn that by antagonizing the union it places a load upon the back of the Republican party which is of some consequence.

"No. 6 will be heard from at the polls," said a leading member.

#### THE VOICE OF CALIFORNIA.

It speaks Very Plainly in Memory of Harrison's Chinese Vote.

[SPECIAL TO THE EVENING WORLD.]  
SAN FRANCISCO, Cal., June 26.—In the course of its editorial on the Chicago nominations this morning the Chronicle (Rep.) says:

"Gen. Harrison has not been elected as the Republican candidate not by the State of California, but by the great Republican party in convention assembled."

It is the duty and desire of the people of every genuine Republican to give him cheerful, earnest and hearty support.

Morton's name carries weight and will undoubtedly make the difference between New York, where strength is most needed.

The Aka (Dem.) says:

There is present portentous and actual danger in supporting Harrison in this State. The Republicans have before them an opportunity to show that their anti-Chinese zeal has not been a pretense. If they wish to save their party in California from absolute destruction let them reject Harrison and refuse to put an electoral ticket in the field. The whole State will await the decision with interest.

The Post (Rep.) says editorially:

Harrison was not the first choice of the voters of California. Gresham or Alger represent the attitude of the coast far more closely than Harrison, especially on the Chinese question, and California would have been far better satisfied had either of those men been chosen, but it is of the highest importance that the party should carry that State in November. It is probable that his supporters have given assurances that his vote as Senator six years ago does not represent his present attitude on the Chinese question, and that he is sound on the silver question.

The Examiner (Dem.) says:

"We trust we shall be spared any personal scandals in this campaign. There will, however, certainly be no need of personal scandal when there is such a public record as Harrison's to discuss."

California has never had an opportunity to show unmistakably her opinion of a pro-Chinese candidate. This year we shall have a square chance at one of the men whom California Republicans, in 1882, swore never to forget."

[SPECIAL CABLE TO THE PRESS NEWS ASSOCIATION.]  
LONDON, June 26.—The press of the city, where they notice the Republican nominations in Chicago yesterday at all, treat them in the customary indifferent manner. The Times thinks that the State of New York will decide the election as before, and should Harrison be elected Blaine will possibly become a powerful Minister. Blaine, the Times believes, has overreached himself.

The Fall Mail Gazette thinks Harrison has as much chance of becoming King of England as President.
